REPORT OF THE VISITORS TO THE QUARTER SESSIONS.

NORTHUMBERLAND.

To Her Majesty's Justices of the Peace, in Quarter Sessions assembled.

The Committee of Visitors of the Pauper Lunatic Asylum, in pursuance of the Statute (16 & 17 Vic., c. 97, sec. 62) beg to report as follows :—

1. The Asylum is in an efficient state and condition, and provides for the accommodation of the Officers and Inmates in a satisfactory manner.

2. The numbers are increasing—in our last year's Report there were 132 Males and 124 Females (total 256), and at this time (18th December) there are 139 Males and 138 Females, in all 277.

3. Your Committee continue to be satisfied with the management of the Asylum, and with the conduct of the Officers and Servants.

4. The cost of maintenance, is the same as last year, (viz.) 9s. 11d. per head per week.

5. The Commissioners in Lunacy visited the Asylum on the 17th February last, and made several suggestions—they concluded their Report by stating that they thought the Asylum generally, most creditable to the zeal and ability of Mr. Wilson the Superintendent, and to the efficiency of the Officers.

6. The numbers in the Asylum continue to increase, and your Committee have full power from Quarter Sessions to make additions to the Male side, which are now under consideration.

7 The Report of the Superintendent will contain all details, but it will not be ready for these Sessions.

8. Your Committee beg to mention that not less than seven Members of the Bench must be elected Visitors for the next year—the present Committee may be re-elected—they suggest Mr. Arthur Monck, to be one; from his residence being convenient for his attendance at the Asylum—and also Mr. John Craster, who undertakes to attend, as another of the Committee.

Dated at the Asylum this 18th December, 1865.

A. J. BAKER CRESSWELL,
CHAIRMAN.

CONFIRMATION OF COMMITTEE'S REPORT.

County of
Northumberland.

1866.

At the General Quarter Sessions of the Peace of our Lady the Queen, held at the Moot Hall, in and for the said County, on the third Day of January, in the twenty-ninth Year of the Reign of our Sovereign Lady Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, before Her Majesty's Justices of the Peace assigned to keep the Peace in the said County, and also to hear and determine divers Felonies, Trespasses, and other Misdemeanors, done and committed therein.

PAUPER LUNATIC ASYLUM, (Annual Report and Election of Visitors.)

The Visitors of the Pauper Lunatic Asylum for this County, having presented their Annual Report, according to the Statute (16 & 17 Victoria, cap. 97, sec. 62), which was read and considered; Ordered that the same be and it is hereby approved of, and that it be entered upon the Records of this Court immediately after this Order, and it is further Ordered, pursuant to the Statute (16 & 17 Victoria, cap. 97, sec. 22), that the following Justices of the Peace for this County be, and they are hereby appointed Visitors of this Asylum for the year ensuing, namely:—

1. SIR CHARLES MILES LAMBERT MONCK, BARONET.
2. ADDISON JOHN BAKER CRESSWELL, ESQUIRE.
3. EDWARD COLLINGWOOD, ESQUIRE.
4. RALPH CARR, ESQUIRE.
5. THOMAS ANDERSON, ESQUIRE.
6. SIR MATTHEW WHITE RIDLEY, BARONET.
7. JOHN ERRINGTON, ESQUIRE.
8. GEORGE BURDON, ESQUIRE.
9. JAMES HENRY HOLLIS ATKINSON, ESQUIRE.
10. SIR WALTER CALVERLY TREVELYAN, BARONET.
11. CHARLES WILLIAM ORDE, ESQUIRE.
12. JOHN COOKSON, ESQUIRE.
13. THE REVEREND CHARLES THOMAS WHITLEY.
14. JOSEPH YOUNG, ESQUIRE.
15. THE REVEREND EDWARD LAWSON.
16. JOHN PHILIP MITFORD ESQUIRE.
17. JOHN CRASTER, ESQUIRE.
18. ARTHUR EDWARD MONCK, ESQUIRE.

By the Court,

DICKSON.

SUPERINTENDENT'S ANNUAL REPORT.

*Northumberland County Asylum,
Cottingwood, Morpeth, February 2nd, 1866.*

GENTLEMEN,

The period has again arrived, when it becomes my duty, as the Superintendent of this Asylum, to lay before you, my Annual Report for the past year, along with the usual Statistical Tables.

My remarks need not be very lengthy, as the year has passed without any occurrence worthy of much special record, beyond what information the Tables themselves are able to afford.

The number of Patients remaining in the Asylum, on the first of January, 1865, was 133 men, and 125 women—total 258.

The admissions during the year amounted to 87, viz; 38 men and 49 women, making a total altogether under treatment of 345.

The changes have been as follows:—41, (viz; 19 men and 22 women) have been discharged recovered, and 29, (15 men and 14 women) have died, leaving in the Asylum, on the first of January, 1866, 275—viz; 137 men and 138 women.

I again append, as last year, the subjoined Table, which is in the form required to be sent to the Commissioners in Lunacy every year, and which gives at a glance,—in the first column, the changes that have taken place; and in the second one—many particulars respecting the Patients remaining in the Asylum, which are not to be found in the Tables elsewhere.

Number of Patients 1st January, 1865.			Admissions during the year 1865.			Discharged during the year 1865.						Deaths during the year 1865.								
						Total Number.			Number Recovered.			Total Number.			From Suicide.

(a)—Patients confined under Secretary of State's Warrant.

(b)—Pauper Patients, whose settlement cannot be ascertained.

With respect to the admissions, 6 men and 2 women had been previously under care and treatment in the Asylum, some being re-admitted after remaining out 3 or 4 years. By a reference to Table 4, (Admissions with respect to the Form of Insanity,) it will be observed that out of 87, the total number admitted, 6 men and 4 women were labouring under General Paralysis, while 3 men and 5 women were stated to be subject to Epilepsy, cases almost equally hopeless and only adding to the stock of incurable inmates. 13 men and 18 women were also stated to be suicidally disposed, two of the number being admitted with severe incised wounds of the throat. Many of the others also were in a very feeble state and condition, and one female died within two days after her admission.

The number of recoveries has been greater than in any year since the Asylum has been opened, with the exception of 1863, being 41 as compared with 24 the last year, or at the rate of 47 per cent. upon the admissions, and on the numbers under treatment,—nearly 12. The per-centage of deaths was 8·4.

The number of Deaths was somewhat greater than usual, mainly owing to several feeble and paralysed cases, which had been accumulating for some time, and terminated fatally during the early part of the year. There is one death however recorded of Suicide by strangulation, (the second case that has occurred since the opening of the Asylum,) and which was the occasion of the only Inquest which had to be held during the year. The patient, who had been recently admitted and violently disposed, treacherous, and dangerous to those about him, (though not stated to be suicidal,) was found in the morning with his sheet (which he had torn up,) twisted tightly round his neck, and lying dead upon his face, on the floor. For the other causes of Death I would beg to refer you to Table No. 13 in the appendix. I am glad to be able to state in this as in previous reports, that the health of the Patients has been on the whole good, and we have been free from any epidemic.

The regular employment of the Patients has been persevered with, as in previous years, and been attended with much benefit to those employed, with, at the same time, a corresponding advantage to the Institution.

Although we have had no great work in hand, as the road of approach formerly, yet full employment has been found in the general cultivation of the estate, forming fresh walks in the extensive woodlands which belong to the Asylum, and laying out and keeping in order the grounds generally. Many, as heretofore, have been also employed in the different workshops.

The means of recreation have likewise been studiously attended to. The weekly dance has continued to be held in the new Recreation Hall, and the musical staff has been much increased. A small brass band is also being organized in addition to the string one we already possess, and glee-singing, and the Magic Lantern have likewise agreeably helped to vary the evening's entertainment. During the summer months, Cricket was added to the other out-door games in use, and seemed to be heartily enjoyed. There were also two pic-nic parties to the sea-side, at which about 50 of the Patients were able to be present.

As regards the improvements that have taken place during the past year, I may mention that the Brew-house has been brought into operation and has answered most satisfactorily. A new Dining-room has been likewise provided for the Attendants, in place of the former one which was much crowded and inconvenient. If the comfort of those, who have more immediately to attend to the care and attention of the Patients be neglected, it need hardly be matter for wonder, if a similarity of conduct on their part, be displayed in the wards.

A Forcing-house, for the propagation of plants for the wards and bedding out, has also been constructed by the Patients, at comparatively little cost, being made out of old material. A Summer-house has likewise been erected in one of the Airing-courts.

The necessity for increased accommodation has during the year, been frequently before the notice of the Committee, and in alluding to it, in this my Report, I would beg to say, that there are now, at the date at which I write, 282 inmates, only three short of the total number we are able to accommodate. Although for some time a balance was maintained between the admissions and discharges, obviating any immediate necessity for enlargement, yet latterly there has been such a rapid increase of Patients, more especially on the female side, that I would respectfully urge the Committee, that, while they take steps, as they are about doing, for the enlargement of the male division, they will do so for the female side also. The estimates for the two would be cheaper,—both are of equal necessity,—and both might progress together.

The Commissioners in Lunacy visited the Asylum in February last, and left the following Report :—

*Northumberland Asylum,
February 17th, 1865.*

Since this Asylum was visited on the 29th of January, 1864, 78 Patients have been admitted, 28 have been discharged, and 19 have died : the proportion of males and females having been, under the first head, 37 and 41 ; under the second, 13 and 15 ; and under the third 12 and 7. All the Patients discharged had recovered, excepting one female who was sent away relieved.

The deaths presented nothing unusual ; the principal causes being General Palsy, Pulmonary disease, and exhaustion after Mania. The Health is at present good ; seven men and ten women being entered as under treatment, but none for any serious bodily disorder.

On the books to-day there are 260 Patients, of whom 134 are males and 126 are females : and all of whom, excepting one man absent on trial, we have seen at our visit. Their condition was very satisfactory. No Patient was excited in either division. No complaint was made to us in any of the wards we passed through. The personal appearance of the inmates, generally, gave every indication of comfort, and of proper attention to their wants. The clothing, which was very good, presents now a greater variety, in accordance with a recommendation made at the last visit ; and the gray cloth, then objected to, has since been discontinued in the making of the men's coats. We have also to speak with praise of what has been done during the past year towards the better furnishing, and painting and papering, in the wards. The deficiencies in this respect are still very great, but we see in active progress the attempt to supply them, and this will be extended we trust, with as little delay as possible, to the wards on both sides occupied by the less intelligent and industrious class. What struck us to be much wanted everywhere, were more means of amusement immediately accessible ; such as cheap Illustrated Papers, Books of an easy entertaining kind, and in-door games. Bagatelle boards in both divisions would be a great advantage, and we strongly recommend the purchase of a Piano for the female side.

The Beds and bedding were in excellent order, and the ventilation generally was good, excepting in the Lavatories to which urinals are attached, and we have suggested that these should be walled apart from the Lavatories. Adverting to the alterations and re-arrangements mentioned at the last visit, whereby additional sleeping room was to be obtained, we have to state that these have now been very nearly completed; and that when, by the use of the Recreation Hall as a female Work-room, the present Sewing-room is turned into a dormitory, about 40 new beds, making a total of more than 80 beyond the original design, will have been obtained. It will be necessary, however, before so employing the Recreation Hall, to introduce greater light and cheerfulness into it by lowering the windows. This hall, which has added greatly to the efficiency of the weekly entertainments, was formerly the Chapel; the New Chapel having been opened in September last. It is a detached building, well adapted to its purpose, and accommodating nearly 300 persons. The average attendance at the Sunday Services, seems to be 150; and we trust it may now be found practicable to make arrangements for occasional weekly services.

Of other matters named when our colleagues last visited, we have to report that a new Brew-house has been erected; that in the Airing Court of No. 3 in each division a rustic summer house has been placed; and that the walks through the grounds, and the ornamental laying out of the Courts has been considerably extended. To the latter, the labour of the male Patients has been devoted, about 30 being regularly engaged in the land and Gardens. Another 30 are in the workshops, and about 25 work in the wards. The numbers of women in regular employment are nearly the same; 24 being in the Laundry, 4 in the Kitchen, 16 in the wards, and 38 in the Sewing-room. All take exercise frequently beyond the Airing Courts, excepting about 16 of the women and 12 of the men. The numbers of both sexes who join regularly in the weekly dance are about one hundred. The Magic Lantern has also been exhibited lately, and other amusements are contemplated.

The suggestions made at the last visit have received attention. Two additional baths have been placed in the large bath-room on the male side, and the same will be done on the female side. A dining room for Attendants is also in course of erection. We regret to have to state that the generally imperfect construction of many parts of the original building has been shewn during the past year by a series of accidents each referable distinctly to that cause; by a fire in the Scullery of one of the wards, by an explosion in the Gas-room, by the cracking of the boiler in the wash-house, and by the giving way of several parts of the ceilings; and the Committee, before giving order for further structural changes which are necessary, will doubtless see the importance of having a thorough survey of the building made. Even with the recent additions, the available vacant space is now for only 7 beds on the male side, and about 20 on the female side. Fortunately, however, a considerable addition may be made, at a comparatively small cost, by raising a second story on the present outbuildings in each division; and it will be a great advantage if the opportunity is at the same time taken, of constructing in the space adjoining each, general Dining Halls.

There has been very little seclusion since the last visit; it having been confined to about 9 of each sex, principally epileptics.

We think the condition of the Asylum generally most creditable to the zeal and ability of Mr. Wilson, and to the efficiency of his Officers.

JOHN FORSTER,	}	Commissioners in Lunacy.
ROBERT NAIRNE,		

Several changes have taken place in the staff of the Asylum during the past year. The most material was that of the Matron. Mrs. Smith, who was appointed in 1858, resigned her post on being appointed the Matron to the Orphanage, Halifax. Miss Turner of the Prisons at Newcastle, was elected Matron in her stead.

In conclusion I desire gratefully to acknowledge the services of my fellow Officers, and to bear testimony to the zeal with which they have severally performed their duties.

I have the honor to remain,

GENTLEMEN,

Your most obedient Servant,

RICHARD WILSON.

*The Committee of Visitors,
County Lunatic Asylum,
Cottingwood, Morpeth.*

											1412	8	5

(A) As a great part of the Farm Labour is performed by the Patients, it was agreed by the Committee, that this produce should be set against that Labour, and the Asylum and Farm treated as one concern.

(B) And (as in other Asylums) the Wages of these three parties are paid by the County, being less costly to the County as Landlords than to employ Tradesmen. The Asylum gives Board and Lodging in consideration of occasional services as Assistant Attendants.
